CORPS CUSTOM MILITARY DRUMS

To create this drums our designer listened very carefully to the professional leaders in the military musical environment. Together in a professional cooperation we did successfully design the exclusive military drums of course using CC manufacturing methods.

The result is a prime quality snare drum, available in exclusive 15" size which fully contributes the demand of professionals focussing on traditional look, appearance and durability

CORPS CUSTOM MILITARY DRUMS | DESIGNED FOR MILITARY STYLE, SOUND AND TRADITION!!

TENSION RODS

Using chrome plated tensionrod the drums can be tuned very easily
Together with the traditional shaped tension rings the perfect tension system is completed
A classic look combined with top quality components.

LUGS

The special shaped and designed are made out of exclusive brass basic material
Precizely CC manufactured these lugs stands for a live time using. The lugs are high glossy polished and on custom demand gold plated.

SNARES

Bottom | 5 pieces of very accurate stainless steel cable snares combined with 5 piece gut tone synthetic wire to create a traditional thrilling military marines snaresound. Optimal projection resulting in a thrilling traditional marine snaredrum sound!!

PROTECTION BRACKETS

To protect the different snares and tensionhoops when putting the drum on the floor, a set of 2 solid chrome plated brackets are mounted on the drum.

DRUMHEADS

We only use the best component and there fore these series we choose for Remo White Max in an exclusive 15" version.

Top | Remo White Max 15"

Bottom | Remo Ambassador SA 15"

"THE BEST DRUMS NEED ONLY THE BEST AVAILABLE DRUMHEADS"

TENSIONRINGS

Special shaped through using the latest Cad Cam and CC technology. Precisely machined for optimal quality and a military appearance these rims are the absolute top available on the market. Made about of special aluminium alloy to reduce weight without loosing strength and functionality. Integrated mounting for exclusive legrest en multihole carrying rails. Just the best in percussion industry.

BOTTOM STRAINER

UCS STRAINER | The biggest innovation insnaredrum tecnogy!! Made out of special designed extrusion profiles precisely CC machine tuned. This ultimate strainer gives the snare drummer the comfort of shifting the strainer during his playing activities. Besides a technical high standard it gives an ultimate in musical performance!!!
Tension and height of the snares are fully adjustable.
The one and only on the entire market.

SHELLS

Brass | Precisely CC bended and welded brass shell made out of a special 1.0 mm exclusive brass sheet material. Light in weight with an excellent performance in sound and durability. It comes in a high glossy polished feature to create the traditional look for the marines most exclusive marine drum available on the entire market

EXCLUSIVELY USED BY THE ROYAL DUTCH MARINE CORPS
