Productinformation

Glockenspiel

CCG 8001

3.3 octave C5 - E8 Satin Chrome Plated Steel

Made in Holland | Used Worldwide

Custom Classic Series

With the greatest care, all our design skills and handtuned resonators, we select the best materials to manufacture these series of percussion keyboard instruments. Featuring the finest in traditional craftsmanship, the very best and latest innovations in material and tuning technology, we present you these instruments. Rich and focused in tone, easy to transport and height adjustable through our patented VCL System. If the ultimate in sound and quality is what you search for, consider these Royal Series of mallet instruments.

Custom Classis 8000 series

The Engineers of Vancore faced a great challenge designing this outstanding, professional top quality 8000 series instruments. As leading fact they choose for a pure and natural approach, combined with the latest technology available. These instruments featuring the finest in traditional craftsmanship and the very latest in material and design technology. First choice materials, equipped with our exclusive VCL lifting system for effortless height adjustment and a beautiful design, represents the exclusive quality of Vancore keyboard malletinstruments!

Bars

Material: Satin Chrome Plated Steel

Bar Sizes: 30 x 10 mm

*Vancore 8000 series..
Rich and focused in tone, easy to
transport and height adjustable through
our patented VCL System.*

Floating Bar Suspension

Most notable is the new Floating Bar Suspension System (FBS). This proprietary bar support system actually increases bar resonance by 20%! Precision laser cut bar support arms are angled to insure that each and every bar is supported exactly to the nodal point.

Casters

All stands are equipped with double-rolled casters for easy operation. Carefully chosen casters come with high grade bearings and brakes.

Endpieces

To realize stable and precise constructions, we use high grade steel and European Ashwood components. Rails and endpiece are very carefully designed to make that perfect match.

*Height adjustable
through our patented
VCL System.*

Accurate Dampening System!

Lifting System | VCL

With just a 'press on the pedal', the height of the instrument can be easily adjusted. Comfort lifting resulting in a total free frame suspension, is realized by using durable gassprings to create an optimum of playing comfort.

Boxnumber	Content	Box Sizes		Weight	
		CM	INCH	KG	LBS
Box 1 of 2	Frame/Resonators	112 x 84 x 47	44 x 33 x 18.5	75	165,3
