Xylophones

PSX 1002

3.5 octave F4 - C8 Honduran Rosewood

Made in Holland | Used Worldwide

Performing Standard Series

A complete series of mallet instruments designed for the budget minded students, orchestras and ensembles. The innovative frame has solid Ashwood end pieces and special designed steel layers. Professional sized bars, manufactured out of selected kiln dried quarter sawn first choice padouk or rosewood! Depending on model number you can also choose for Vibercore Synthetic bars.

Bars

Material: Selected Honduran Rosewood | Dalbergia Stevensoni

As a premium qualified manufacturer, we use the best available wood for manufacturing these premium marimbas. Carefully selection, dedicated drying procedures, CC drilling and shaping and precisely computer controlled tuning methods are ingredients leading to a combination of perfection and skills

Bar sizes: 40x23 mm

AFRICAN PADAUK

HONDURAN ROSEWOOD

VIBERCORE SYNTHETIC

Endpieces

To realize stable and precise constructions, we use high grade steel, and European Ashwood components. Rails and endpiece are very carefully designed to make that perfect match.

Floating Bar Suspension | FBS

Most notable is the new Floating Bar Suspension System (FBS). This proprietary bar support system actually increases bar resonance by 20%! Precision laser cut bar support arms are angled to insure that each and every bar is supported exactly to the nodal point.

Build up Set

We designed the PSB 1000 build up system especially for the beginning mallet player. The table top xylophone (PSX 1001/2/3) can be purchased separate from the resonators and stand.
