**PSX 2008**

4.0 octave C4 - C8 Honduran Rosewood

**Made in Holland | Used Worldwide**

# Performing Standard Series

A thoughtfully designed series of xylophones which compliments our top of line instruments. Perfectly tuned bars and resonators together with visually appealing frames and features, usually associated with much more expensive instruments.

## Performing Standard 2000 Series

Vancore Performing Standard 2000 Series are designed in partnership with top professional teachers and percussionists. It is a series of affordable instruments fitted with all standard options wich are common on professional instruments. Manual height adjustment, foldable, easy to transport and supplied with the unrevealed integrated rail suspension.

### Bars

Material: Selected Honduran Rosewood | Dalbergia Stevensoni  
As a premium qualified manufacturor we use the best abvailable wood for manufacturing these premium marimbas. Carefull selection, dedicated drying procedures, CC drilling and shaping and precizly computer controlled tuningmethods are ingredients leading to a combination of perfection and skills.

Bar Sizes: 40 x 23 mm

### Floating Bar Suspension | FBS

Most notable is the new Floating Bar Suspension System (FBS). This proprietary bar support system actually increases bar resonance by 20%! Precision laser cut bar support arms are angled to insure that each and every bar is supported exactly to the nodal point.

### Endpieces

To realize stable and precise constructions, we use high grade steel and European Ashwood components. Rails and endpiece are very carefully designed to make that perfect match.

### Resonator Clamp System

Vancore resonators are individually hand tuned and assembled using an exclusive mounting system. This system eliminates every kind of rattle or extraneous noise. Unlike other resonators, welded or riveted, our system employs minimal contact technology, which eliminates potential problems.

### Manual Height Adjustment

Height Adjustment of these models can be executed manual very easily.

*Designed in partnership with  
top professional teachers  
and percussionists!*

### Integrated Rail System

Our designers created a new and highly innovative concept to avoid the common and major problem with layers. On top of that, the bar suspension and layer are integrated. One solution, on unique concept!

### Casters

All stands are equipped with double rolled casters for easy operation. Carefully chosen casters come with high grade bearings and brakes.
